

# CBAP Exam Preparatory Training

The CBAP Exam is the standard professional certification for Business Analysts (BA). The class focuses on preparing students for the CBAP Exam, and providing real world skills BAs can utilize in their jobs. Tips, techniques, and assistance completing the exam application are provided. This class is available to our vendor team, office employees, consultants and clients. The class focuses on the history of business analysis, theory, ethics, and the six knowledge areas of the Business Analysis Body of Knowledge (BABOK). Students are quizzed before and after each class to assess their knowledge and identify areas needing further study. Hands-on exercises during class reinforce concepts, and provide real-world activities students can utilize in their jobs.
